Ati Pharmacology Study Guide

Pharmacology is the study of how a drug works on the body, its side effects on the body, and the way the body uses the drug. Most nursing students find pharmacology a tough course because you are required to know the name, side effects, nursing interventions, and the way the body uses the drug in such a short amount of time.

How to Study for Pharmacology in Nursing School

For a student, they require practice, time and remediation. We have done our best to simplify pharmacology by creating a thorough, easy-to-use and understand study plan using a comprehensive study guide and in-depth online tutorials to test knowledge and guide remediation for pharmacology and dosage calculations.
